OXYGEN - ACETYLENE HOSE REEL AHRS05

Applications

AHRS05 steel auto-retractable welding hose reel made from strong powder coated steel, used for the delivery of oxygen or acetylene for automotive, insdustrial and in-plant applications, much easier handling and less effort while operating.

Construction

Made from strong powder coated Steel Hybrid, NBR and rubber air hose available for hose reel.

Features

- Steel Construction – Heavy duty dual supporting arms construction with corrosion resistant powder coating 48 hours salt and frog tested
- Guide Arm – Multiple guide arm positions provide versatile uses and easier field adjustment
- Non-Snag Roller – Four direction rollers reduce hose wear abrasión
- Spring guard – Protects hose from wearing, assures long hose life
- Self-Laying System – Spring powered auto rewind with 8,000 full retraction
- Easy Mounting – Base can be mounted on wall, ceiling or floor
- Adjustable Hose Stopper – Ensures the outlet hose reachable
